Supporting people with disabilities and their families to achieve what is important to them.

10/30/2023

PDAC Community Reviewers,

The Warren County Board of Developmental Disabilities provides services and support to over 2,400 individuals with disabilities and their families through Early Intervention, Community Resources, Employment Services, Social, Recreational, Residential, Service Coordination and other programs. Among the range of services provided by the Warren County Board of Developmental Disabilities, we provide eligible children with the opportunity to attend summer camps of their choice through the Family Supports and Waivers program.

The Warren County Board of Developmental Disabilities supports Girl Scouts of Western Ohio's efforts to improve their three camp properties located in Warren County to better serve girls and caregivers with disabilities. We look forward to advising Girl Scouts on this project and are excited at how the improvements will improve the lives of children living with disabilities in Warren County and in our region as a whole.

Sincerely,

PDAC Community Reviewers,

At the Cincinnati Association of the Blind and Visually Impaired (CABVI), our mission is to empower people who are blind or visually impaired with opportunities to seek independence. We want all individuals who are blind and visually impaired to live full lives, with community inclusion. We operate with compassion, hope, opportunity, integrity, collaboration and empowerment in mind.

CABVI supports Girl Scouts of Western Ohio's efforts to improve their camp properties to better serve girls and caregivers with visual impairment. We look forward to advising Girl Scouts on this project, including visiting the camps and providing advice on signage to make facilities more accessible.

Sincerely,
