

Hartzell Propeller, Inc.

Hartzell Propeller Inc., is a world class engineering and manufacturing company offering the broadest range of propeller systems in the aviation industry. We design, develop, test, FAA Certify, manufacture, and support constant-speed aluminum and composite propeller systems for all categories of aircraft, ranging from general aviation to military applications.

About Us

Hartzell is proud to have served the propeller needs of the general aviation industry for over 100 years. We are deeply committed to continuing and expanding that success with the next generation of General Aviation, Light Sport, military, and Advanced Air Mobility aircraft. Our mission is to deliver unmatched quality, performance and service to our customers. We are defined by who we are, what we do, and how we show up – we have a winning spirit, doing whatever it takes to care for our customers. We're in it together; we trust each other and work together, not over or around one another. We go for it; we empower all employees and value initiative and leadership at all levels. We are proud but not satisfied, committed to innovation and the continual pursuit of excellence. Hartzell has world class operations yet we are small enough that we value and treat each other as family. Our workforce is our most important asset, and we strive to provide a work environment that emphasizes our unique culture. To learn more about us, visit our website.

Testimonials

"You know, this is a great place for opportunity. It will come; it will find you. We just have a really dedicated workforce and I'm proud to be a part of it"

- Joe Simmons, Hartzell Employee

"There are jobs available and you can work at a lot of places, but this place is family. People are willing to work hard so we can also play hard. It's a lot of fun"

- Chris Dankworth, Hartzell Employee

"Hartzell really understands the unique needs of aviation industry while providing consistent high-quality product with exceptional performance. Thrush can always trust them to provide timely deliveries while providing the first-class service to support our customer's needs. With Hartzell as our partner, we have the confidence to continue growing our business."

- Payne Hughes, President, Thrush Aircraft

What's it like to live in Dayton, OH?

Dayton offers a downtown area full of unique activities and suburbs that provide close-knit communities for those who call the region home.

As the hometown of first flyers Orville and Wilbur Wright and the Wright-Patterson Air Force Base, this Ohio metro area is rich in aviation history. Aviation enthusiasts will appreciate the Dayton Aviation Heritage National Historical Park, the National Museum of the U.S. Air Force, and the Wright Brothers National Museum.

Those who enjoy spending time outdoors will find many metro parks and more than 350 miles of paved biking trails. Historic neighborhoods and districts, a bike-share program and several craft and microbreweries add to Dayton's appeal.

See all the best places to live in [Ohio](#).

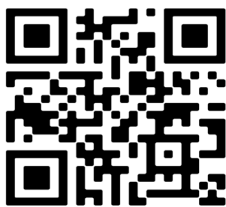

The Dayton region consistently tops national lists as one of the most affordable places to live in the country. It is the perfect place to find energy efficient, comfortable housing – whether you are looking for a large suburban home, condo in the city, or something in-between. There are historic districts and diverse neighborhoods throughout the region that are both friendly and convenient to buyers and renters alike.
